

Previously, many National Stock Numbers (NSNs) were able to be satisfied by either a laminated or a solid body padlock based on their Commercial Item Description (CID). This often led to confusion due to a number of agencies or organizations that stipulated a particular "body type" as mandatory or preferred. In order to relieve this issue, the Defense Logistics Agency (DLA) has created and assigned new NSNs to only satisfy solid body padlocks. These NSNs became active in the Master Lock Government Products Price List and are listed below. Each of the new NSNs fully comply with the performance standards identified in CIDs AA59486 and AA59487. The only difference is the "body type."

For example, there are two (2) different NSNs for what was the 5340-00-158-3805. The 5340-00-158-3805 ONLY satisfies laminated body padlocks and the 5340-01-588-1036 ONLY satisfies solid body padlocks.

The Master Lock Company has partnered with LC Industries to have these American Lock® NSNs, page 8 only, listed on the federal procurement list. As a result, **all orders for these items need to be sent to LC Industries directly.**
