

5490D Retractable Key Tether

Keep Your Keys at the Door

When sharing access to a business, home or rental property with one of our lock boxes, your customers may be concerned about key loss or duplication. That's why Master Lock has created the 5490D Retractable Key Tether. Designed for use with our mechanical or Bluetooth®-enabled lock boxes, the key tether provides a dual layer of protection by securing the keys to the lock box.

For everything worth protecting.

**Master
Lock®**

Product Features:

Extra-long 36" Retractable Cable
allows enough flexibility to access the door from a variety of portable and wall-mount locations

Looped End
with adjustable collar

Hex Key Included
to make adjustments anywhere

Easy Installation
with high bond adhesive patch

1. Remove tape
2. Attach to inside of lock box
3. String wire through key(s) or key ring
4. Tighten adjustable collar at end of cable
