

Master Lock®

COMPLETE SCHOOL SOLUTIONS

Security • Safety • Locker Locks

Master Lock Company is your **#1 source** for complete school security & safety solutions. With two of the industry's leading brands, American Lock and Master Lock, we provide much more than quality locker lock products. Master Lock Company provides a wide variety of security and safety products. Security products include padlocks, hasps, accessories and other locking devices. The safety lineup provides end-to-end solutions with safety padlocks, devices and services.

SECURITY SOLUTIONS

Padlocks | Hasps | Keying | Services

A full line of perimeter and property security products including high security padlocks, hasps, tough environment padlocks and general security padlocks – a wide variety to fit your exact needs.

High Security Products

Heavy duty bodies provide resistance against physical attack and a boron alloy shackles withstand prying attempts.

Tough Environment Products

Shackle seals, special cylinders and weather covers protect padlocks from extreme conditions.

General Security Products

Compact lock bodies, hardened steel shackles and non-rekeyable cylinders provide reliable security.

Add convenience with **Custom Services** from Master Lock

KEYING OPTIONS

Keyed Different

Each lock is opened by its own unique key

Keyed Alike

All locks in the set are opened by the same key

Master Keyed

A master key opens all locks in the system, but each lock has its unique key

LifeGuard

A no-charge key charting system, critical for safety lockout padlocks

Edge™ Key Control

This patented system provides affordable key control, eliminating the risk of unauthorized key duplication.

SAFETY SOLUTIONS

Padlocks | Devices | Accessories | Keying | Services

A full line of OSHA compliant Lockout/Tagout products including safety padlocks, devices and accessories to meet any facility's needs. Program Development, Procedure Writing, and Training Services are available to ensure a fully effective and compliant Lockout Management System.

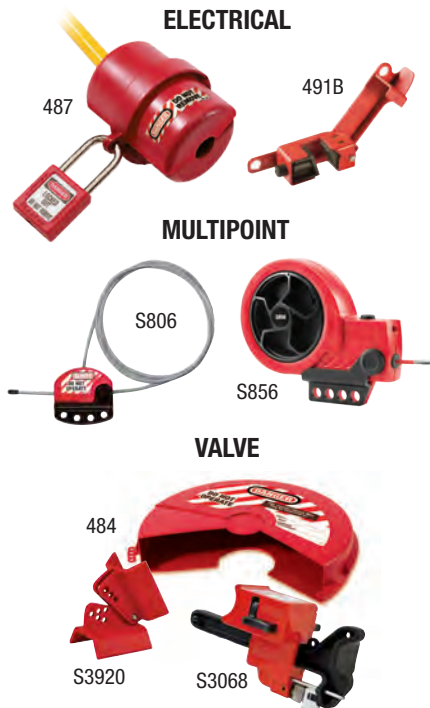

Safety Padlocks

High visibility colored padlocks available in aluminum or thermoplastic materials to fit any safety application.

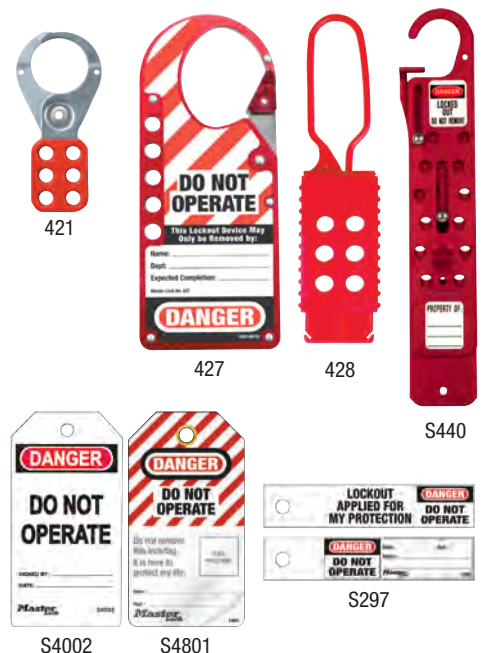

Safety Devices

A variety of innovative lockout devices for electrical and valve applications, for effective control of hazardous energy.

Hasps and Safety Identification

Durable, safety identification, pry-resistant hasp options for multi-person lockout applications; safety ID products clearly present safety messages.

for all of your Security, Safety and Locker needs

LASER ENGRAVING

Whether you want a name, logo or key number, identify with laser engraving.
