Lock Bumping –

Lock Bumping has become a legitimate security threat as information on the topic has become widely exposed in the news media and on the internet.

In response to this threat, The Master Lock Company developed exclusive patented BumpStop® Advanced Technology that hinders the transfer of force from the bump key to the pins and blocks rotation of the cylinder. With a reverse rake tapered driver pin, high performance spring and precision tolerance chamber, our 4, 5 and 6-pin BumpStop® products resist bump attacks.

BumpStop® is included in all American Lock and Master Lock Government security products - Made-to-order and NSNs, to meet CID requirements.

In addition, BumpStop is an upgrade available with most American Lock and Master Lock pin tumbler padlocks and security products.
Model Number Option: N

National Stock Number Listing for Solid Body Padlocks

Previously, many National Stock Numbers (NSNs) were able to be satisfied by either a laminated or a solid body padlock based on their Commercial Item Description (CID). This often led to confusion due to a number of agencies or organizations that stipulated a particular "body type" as mandatory or preferred. In order to relieve this issue, the Defense Logistics Agency (DLA) has created and assigned new NSNs to only satisfy solid body padlocks. These NSNs became active in the Master Lock Government Products Price List and are listed below. Each of the new NSNs fully comply with the performance standards identified in CIDs AA59486 and AA59487. The only difference is the "body type."

For example, there are two (2) different NSNs for what was the 5340-00-158-3805. The 5340-00-158-3805 ONLY satisfies laminated body padlocks and the 5340-01-588-1036 ONLY satisfies solid body padlocks.

The Master Lock Company has partnered with LC Industries to have these American Lock® NSNs, page 6 only, listed on the federal procurement list. As a result, **all orders for these items need to be sent to LC Industries directly.** For pricing, to set up an account, and to place orders, contact LC Industries by phone at (877) 524-3478 or by email, service@lcidistribution.com.
