

Lock-Locker Compatibility Program™

Have Confidence in Your Lock and Locker Selections!

This Seal Signifies Republic Storage Products Participation in the Lock-Locker Compatibility Program.™

We are dedicated to providing you with a problem free solution.

Compatibility and Quality Program

Master Lock Company and Republic Storage Products

Committing to lock and locker compatibility and quality

We understand that the compatibility between lock and locker must be seamless. We have your solution – the Lock-Locker Compatibility Program.™

Master Lock, in partnership with Republic Storage Products, has developed an ongoing engineering collaborative and testing program. The program is designed to help ensure the locker purchaser receives a high quality, seamless, locker locking solution.

Program Elements

- ✓ **Annual Compatibility Review**
Verification testing and design review by engineers ensuring compatibility between locks and lockers.
- ✓ **Periodic Production Spot Checks**
Republic Storage Products performs periodic operation compatibility testing of locks on actual locker orders.
- ✓ **New Product Validation**
Ensures that new lock and locker products work as intended before introduction, providing seamless locker locking.
- ✓ **Annual Design Conference**
Master Lock and Republic Storage Products engineers meet to support, collaborate, and assist in continuous improvements.

Locker manufacturers participating in this program have agreed to conduct lock-locker testing and work in collaboration with Master Lock. This does not guarantee specific security or durability standards. Locker purchasers should conduct their own evaluation of lock-locker solutions prior to purchase to ensure the selected lock-locker solution meets their needs.

Please use this table as a guide only. Master Lock recommends trying your selected lock on your specific application prior to any purchase. Contact your lock distributor or Master Lock for assistance.

1 Locker Selection	2 Handle/ Latch Type	3 Lock Selection		4 Highest Security		Built-In Combination Locks		Built-In Keyed Locks		Combination Portable Padlocks				Keyed Portable Padlocks	
		Electronic Built-In Locks	Multi-User Locks	Built-In Wrap Around Latch Locks	Combo	Keyed	General Security	Higher Security	General Security	Higher Security	Key Controlled		Not Key Controlled		
											General Security	Higher Security	General Security		Higher Security
Standard (Corridor)	Quiet Lifting	3681 3685	3630** 3631**			1630, 1631 (L)			1710+	1525, 1585	2010S	1502, 1572	2002S	2650	
Standard (Box)	Box Door Pull		3630** 3631**			1652	1670	1714+	1710+	1525, 1585	2010	1502, 1572	2002	2650

Special ADA (Corridor)	Quiet Lifting	3681				1636MKADA 1637MKADA (L)			1710MKADA	1525EZRC, 1585				2650	
	Single Point*					1695MKADA	1790MKADA								

+ Note: Models 1790, 1714 and 1710 are available with optional master keying. Add MK to product number when ordering. (ie: 1790 + Master Key = 1790MK)

*Note: All Republic Single Point Lockers shipped after May 2008 use the Wrap-Around-Latch.™ Please confirm lock selection with Republic if fitting locks onto older Single Point Lockers.

** Requires hole in door or cup to be enlarged to 1/4"

1690/1790 locks are recommended for single point latch lockers.

*Note: Single point latch lockers transitioned from horizontal latching (1652 or 1670) to rotating latching (Wrap Around Latch™) in 2008. Lockers built before 2008 will use horizontal latch locks. Please check with the locker manufacturer to confirm latch type used for lock built in 2008 or after.

- 1 Select Locker
- 2 Select Handle/Latch Style
- 3 Select Lock Style
S = short shackle, 1/2" decrease
Recommended for lockers with pockets
- 4 Select Security Level
- 5 For Built-Ins- Select Left or Right Hand Opening Door
All options are right handed unless (L) designated for left-handed lockers
- 6 Select ADA Lock Options
