

EASY ACCESS

WELL DESIGNED SECURITY FOR THE KEYS

For certain professions, such as personal support services companies, CCTV companies or property managers, **access to housing and locale is essential.**

But this free access is not always obvious...

So many inconveniences that may delay you in performing your tasks and stop you to work in good conditions:

- Waste time looking for the key
- Do not find the key under the doormat or the flowerpot
- Distribute several keys and risk to lose it
- An employee who forgets the access keys
- Waiting for the return of the owner at the door

THE SOLUTION Master Lock, a WALL LOCKBOX

Select Access range offers a secure alternative to the usual hiding places and provides you an easy access to locale and homes.

With Select Access, keys are protected and **you can easily share them with identified persons:** house staff, home help, or a worker who need to intervene at home or in the common areas of a condominium.

Select Access is **great to access the CCTV areas** (commercial offices, hotels, construction sites, technical workshop...) allowing a rapid intervention in case of emergency.

Fixed to the wall behind a bush or hung on a gate, Select Access is very discreet and guarantees an optimal security.

SELECT ACCESS, AN EASY AND QUICK ACCESS TO SAVE TIME AND MONEY

Select Access, **it's several storage solutions for every situation** and adapted to the different level of security required A large range of products simple to use.
