

Master Lock

SECURITY SOLUTIONS™

LOCKER LOCK SOLUTIONS

**SCHOOL, HEALTH CLUB,
BUSINESS & EMPLOYEE, STORAGE...**

A SOLUTION ADAPTED TO EACH SITUATION

LEADER MANUFACTURER OF LOCKER LOCK SOLUTIONS

Master Lock offers the widest range of innovative locker and storage security locks available. From schools to businesses to health & recreation facilities there's a built-in or portable solution for every need.

Health & Recreation

Master Lock helps to elevate the locker room experience in gym clubs and other health clubs.

Business & Employee

From manufacturing facilities to hospital buildings, Master Lock offers peace of mind like no other security company can.

Education

Master Lock specializes in providing schools with convenient and efficient administration of locker locks.

- Large choice: portable, built-in, multi-user locker locks
- Lifetime warranty against mechanical defects (excepted Bluetooth Padlock)
- Master Lock is the first one to develop solutions that facilitate access for people with disabilities
- Strong solutions easy to use in the workplace
- Help employees and visitors feel confident that their valuables are being protected
- Lock options that grant supervisory access when needed (Master Key, Master Code)
- Customization solutions (logo, company name, color)
- Includes combination chart to facilitate lock system administration

LOCKER LOCK SOLUTIONS

Multi-User Built-In Mechanical Locks

3670 • 3630 • 3631

- Intuitive, easy-to use design
- Each new user set-his-own 3-digit combination
- Retains current combination until re-set
- Eliminates distribution, tracking and management of keys, combination or locks
- Sleek design with satin finish

Ideal for lockers with a frequent flow of guests: health clubs, gyms and pools

Built-In Keyed Locks

1710 • 1714

- High security, 5-pin tumbler cylinder
- Concealed mounting and rugged steel case
- Two keys provided for each lock
- Each model fits both left-hand and right-hand hinged doors
- Automatic locking spring bolt for slam shut convenience (1714)
- End user registration assures key system integrity

Ideal for lockers with multiple users who are assigned access for short time periods

Resettable Combination Padlock

620 • 630 • 604 • 651 • 7640

- Aluminum body with brass finish (620-630)
- Solid metal body with brass finish (604)
- Solid aluminium (7640)
- 3 or 4 - digit set-your-own combination convenience

1500 One™

- The first combination lock that opens on up/down/left/right directional movements
- Set-your-own number combination to any length: from 2 to 90 movements (1500 one)

Ideal for gym club, school, utility...

Built-In Combination Locks

1630 • 1631 • 1652 • 1653 • 1654
1655 • 1670 • 1671 • 1690

- New button-less combination process – no need to open the locker door, everything is done from the outside with your control key
- Longer, useful life with five different combinations, easily changed to maintain security for new students or employees
- Easy grip for one handed operation

Ideal for lockers

Portable Combination Locks

1500 • 1502 • 1525 • 2002 • 2010

- BlockGuard Anti-Shim Technology (1500-1502-1525)
- Includes combination chart to facilitate lock system administration (except for 1500)
- Control key for supervisory access (for 1525 and 2010)
- Double-reinforced stainless steel body withstands abuse
- Double ball bearing locking resists prying and rapping (for 2010)

Ideal for manufacturing facilities, hospital...

ADA Inspired Combination Padlock

2076

- No-grip dial lets users simply rub to open – essential for those with difficulty turning dials
- Patented BlockGuard® Anti-Shim Technology withstands attempts to violate the latch mechanism
- Control key for supervisory access; specify key to match existing system or factory assigned

Keyed Padlocks

7

- Laminated steel body with hardened steel plate construction
- Steel shackle
- Single locking lever

4140

- Brass body
- Hardened steel shackle
- Dual locking levers

Ideal for securing lockers or cupboards
