

Master Lock.

SECURITY SOLUTIONS™

**UNIQUE SOLUTIONS TO HELP YOU
PROTECT YOUR PROPERTY,
PREMISES AND ITEMS YOU VALUE**

✓ **Fire and water resistant safes and chests**

30 min to 2 hours fire resistance. The chests are completely waterproof and the safes are water resistant. Patented construction for high fire and water resistance.

✓ **Select Access: Key storage and security**

Share keys with selected people: house staff, home help, CCTV companies...

Bronze level

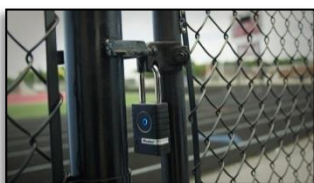

✓ **Garage Protector: Protect garage doors**

Ideal to block retractable garage door from the outside without drilling the door. Hidden shackle padlock for extra pry resistance.

✓ **Connected Padlocks Bluetooth Smart**

Keyless, no combination to remember, locks are opened using the Bluetooth Smart protocol with a smartphone or device. Share and manage access remotely.

✓ **Excell Padlocks: Professional security**

Patented octagonal shackle and boron carbide alloy shackle construction. High security cylinder locking mechanism with dual ball bearing locking. The best value for money in the market.

✓ **Python : Adjustable keyed cable**

Patented locking mechanism. Weather tough and rust resistant lock body and cable. Cylinder compatible with Master Lock padlocks.
