

PROSERIES®

Resettable Combination Locks

Designed for today's security requirements, the new ProSeries Resettable Combination Locks combine the strength and weatherability needed to **withstand harsh treatment and tough environments**.

Available in brass, stainless steel and durable die cast models, these locks have new features that **improve weatherability**: the dial dust cover and the shackle seals keep dust and grit out of the internal mechanisms for **trouble-free operation**. Stainless steel shackles are also available on some models.

These ProSeries locks **stand up to physical attacks** like no other resettable can. The enhanced octagonal boron-carbide shackles are twice as hard to cut as standard hardened shackles and the dead-locking mechanism **holds against pry, shim and rap attacks**.

The ProSeries Resettable Combination locks combine these security improvements with **added user convenience**. With 10,000 possible combinations, the large ergonomic dials permit operation with gloves, in low light or complete darkness. These locks are also easily set with **no special reset tool required**.

1175LH	1175DLH	2-1/4" (57mm) Brass Body with Octagonal Boron-Carbide Shackle	3/8" (10mm)	2-1/16" (53mm)	15/16" (24mm)
1175LHSS	-	2-1/4" (57mm) Brass Body with Round Stainless Steel Shackle	5-1/8" (8mm)	2-1/16" (53mm)	1" (25mm)
1178	1178D	2-1/4" (57mm) Die Cast Body with Octagonal Boron-Carbide Shackle	3/8" (10mm)	1-1/16" (28mm)	15/16" (24mm)

SUPERIOR SECURITY PROTECTS PROPERTY:

- Octagonal boron-carbide shackle for superior cut resistance
- Dead locking mechanism protects against prying, shimming and rap attacks

EXTREME WEATHER RESISTANCE FOR LONG-TERM, TROUBLE-FREE OPERATION:

- Shackle seal and dial dust cover protect internal components and dials for trouble-free operation
- Durable brass, stainless or die cast bodies withstand the elements

GREATER CONVENIENCE:

- 10,000 possible combinations
- Large, ergonomic dials permit operation in low light and even complete darkness
- Easily reset - no tool required
