

Product Data Sheet

Group lockout box - 503 & 498A

Group lockout box for storing and securing padlock keys.

- ✓ Secure each lockout point on one or more large items of equipment using your personal lockout padlock
- ✓ Having locked the equipment, secure your keys in the lockout box
- ✓ Each person working on the equipment attaches his personal padlock to the box for the duration of the operation and only removes it once the work is complete
- ✓ The exclusive Latch Tight™ mechanism ensures that no-one can access the keys inside the box until every member of the group has removed his padlock
- ✓ Ideal for shift work with staggered hours or for subcontracted operations
- ✓ Reduces the number of padlocks required for lockout
