

Rewrite & Reuse! Modify The Message As Often as Needed

Guardian Extreme™ Metal Detectable Tags fuse graphics into rugged polypropylene blended with an FDA compliant metal additive that can be identified by a metal detector. Tags are excellent for use in food processing and pharmaceutical facilities in order to reduce the risk of product contamination.

- Stands up to wash downs, humidity, temperatures from -50°F to $+220^{\circ}\text{F}$ (-46°C to 104°C)
- Superior chemical resistance to over 30 chemicals
- Withstands up to 90 lbs. (40.82kg) of pullout force (exceeds OSHA requirement)
- No metal grommet to corrode
- For use indoors or outdoors
- Environmentally friendly, Rewritable, Reusable

Wipe off current message
