

## Removable and Permanent Switch Control Solutions

Temporarily prohibit access or avoid the nuisance of changing rotary switch settings with these durable, versatile, push button & switch covers. Available in both removable and installed versions, covers feature a clear base and cover to allow visibility of nameplates, labels or rotary switch knobs.

Removable push button covers (S2151) include one cover, one install base and one retrofit base with double-faced adhesive tape. Accommodates buttons up to 50mm (2in) diameter and 45mm (1.75in) tall.

Installed push button covers (S2153) are captured by the rotary or push button switch bezel and accommodates buttons up to 40mm (1.5in) diameter and 45mm tall (1.75in).
