Collector Padlock and Key Chain 100th Anniversary Master Lock

In 2021, on the occasion of its centenary, Master Lock is launching an exclusive padlock available in a limited edition. This padlock, like the key ring that accompanies it, is adorned with the Master Lock's lion, emblem of our brand since its creation in 1921. For Harry Soref, founder of Master Lock, it represented the most respected animal as it symbolized strength, courage, and resilience – the same principles that will guide us for the next 100 years!

The 1921EURDCC padlock features a 54mm laminated steel body that offers a better resistance against impact and hammering and a 29mm tall, 8mm diameter hardened boron alloy shackle for superior cut resistance. Its exclusive cover, adorned with the brand's emblematic lion, protects the padlock from harsh elements. Its 4-pin cylinder prevents picking attacks and its dual ball bearing locking mechanism offers better resistance against pulling and prying attempts.
