

Preassembled Spring Clamp Tie-Down

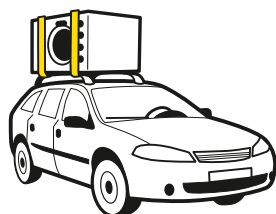

With the preassembled spring clamp tie-down from Master Lock, you will gain simplicity and practicality when transporting loads! Ideal for moving house, no fiddly setup, it's ready to use!

Comfortably adjust the length of the strap to your needs by using the easy to use push button.

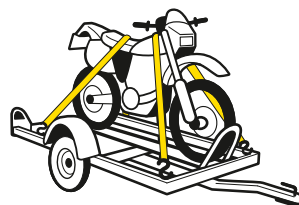

Practical, the S hooks with security clip keep the strap attached to the anchor points even when not under tension.

Finally, the Strap Trap™ will enable you to secure the excess strap during the transportation of the load and to store the strap easily when not in use; avoiding tangles.
