

Excell Marine® Padlock

Built stronger for a lifetime of performance, Excell Marine® padlocks combines both high level of weatherability and high level of security. Excell Marine® padlocks are ideal to secure boats and gates in marine environment.

The wide laminated steel body encased in a stainless steel cover delivers the highest levels of security and corrosion resistance available in a laminated padlock.

The octagonal chrome-plated boron carbide shackle offers maximum resistance to cutting and sawing.

The 4-pin cylinder prevents picking and the dual locking ball bearings provide maximum resistance against prying and hammering.

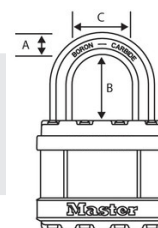

The padlock comes with 4 keys for convenience.

APPLICATIONS

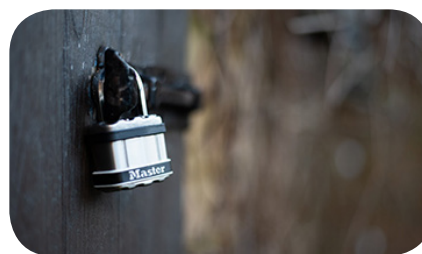

Special features

Product number	M1EURDLFSTSCC and M5EURDSTSCC	
Description	Excell® Marine Padlocks	
Locking system	Keyed locking system – 4 keys included	
Features	<ul style="list-style-type: none"> • Octagonal boron carbide shackle →Maximum cut resistance • 4 pin cylinder and dual ball bearing mechanism →Maximum pick and pry resistance 	<ul style="list-style-type: none"> • Laminated steel body with stainless steel cover →Maximum corrosion resistance • Delivered with 4 keys →More convenient
Construction	<ul style="list-style-type: none"> • Laminated steel body with stainless steel cover for superior durability and anti-corrosion • Octagonal Boron Carbide shackle for extra resistance to cutting and sawing 	
Colour	Stainless Steel - Grey	
Dimensions Body	M1EURDLFSTSCC	M5EURDSTSCC
	44mm	51mm
Shackle	A: 8mm B: 38mm C: 21mm	A: 10mm B: 25mm C: 24mm
Number of pins	4-pin cylinder	
Security level	M1EURDLFSTSCC	M5EURDSTSCC
Product warranty	Limited Lifetime Warranty: More information on www.masterlock.eu	

Ideal access protection for:

Gates • Boats • Sheds
