For Immediate Release

Master Lock presentations and products at Safety 2015 Expo emphasize personal workplace solutions

(MILWAUKEE, WIS.) – June 2, 2015 – Master Lock Safety Solutions™ will focus on safety awareness and offer the industry’s leading safety products when the American Society of Safety Engineers (ASSE) Safety 2015 Expo is held June 7-9 at the Kay Bailey Hutchison Convention Center in Dallas.

Kina Repp, a highly respected workplace safety advocate and Todd Grover, a long time recognized safety expert, will host interactive learning sessions in the Master Lock Safety Solutions booth (#1927). Workplace safety is an extremely personal concern to Ms. Repp, who experienced a life changing workplace accident. Mr. Grover has devoted 30+ years to safety and developing guidelines that address compliance, risk management and capabilities issues, and currently serves as Master Lock’s Global Senior Manager for Applied Safety Solutions.

“Kina delivers a powerful safety message for us all and you’ll want to hear what she has to say at this show,” says Matt Dudgeon, Global Senior Product and Marketing Manager for Master Lock. “She is devoted to safety issues and is a true inspiration. Todd knows the safety field and can recite rules and regulations. He is very versatile and can talk about any safety subject on many different levels.”

Ms. Repp will give her presentation “Making Safety Personal” on Sunday, June 7 at 4 p.m., and at 9:45 a.m. and 1 p.m. on June 8-9. Mr. Grover will present on several current safety topics. On Monday, June 8, “Incorporating Lockout into your Lean/5S Strategy” is at 11:15 a.m. and “Risk Assessment for Alternative Procedures involving Lockout” will be at 2:30 p.m. He will discuss “Reporting Your Accident: Be Ready for OSHA” on Tuesday, June 9 at 11:15 a.m., followed by “Taking Lockout Globally; Insights for ISO 45001” at 2:15 p.m.

Master Lock Safety Solutions will showcase new, proven and award winning lockout products all three days of the Safety 2015 Expo, including many safety identification options and best practice safety padlock solutions.

The new Confined Space Covers protect employees from potential danger. Available in four sizes ranging from 20-39" in diameter, these durable covers exceed OSHA 29CFR 1910.146 signage and effective barrier protection standards for Permit Required Confined Space.

The exclusive line-up of Safety padlocks is designed to successfully develop and implement the best possible Lockout system for any facility while meeting or exceeding OSHA's Lockout/Tagout requirements. On display will be Zenex™ Safety padlocks, Aluminum padlocks including the Master Lock S6835 and American Lock S1100, and Steel Safety padlocks. Zenex and aluminum safety padlocks are available with Laser Engraving for personalized identification.

Master Lock Professional Lockout Services and Field ID are compliance management services that will be showcased at Safety 2015 Expo. The Lockout Services group of dedicated experts provide customized assessment, development, written procedures and training for a Lockout program that can be designed for a specific facility. Master Lock Field ID is the leading mobile and web-based safety inspection and lockout procedure software program, focused on increasing workplace safety, reducing liability and eliminating the hassles associated with paper-based safety management. For more information, visit www.masterlocksafety.com/new-products/professional-lockout-services.

Master Lock Safety Solutions will conduct a sweepstakes program at the Safety 2015 Expo. Each time a visitor attends one of the interactive learning sessions, they will earn an entry for a chance to win a Weber® Grill.
