- Extension kit available for doors with a thickness of 11/16in (17mm) to 3/4in (19mm)

Offering convenient automatic locking, the Master Lock No. 1654 Built-In Combination Lock series is designed for horizontal latch box lockers and features five different pre-set combinations for a longer, useful life in your facility. New stylish, octagonal dial with larger dial numbers provides easy grip; standard key control, used for combination changes, allows quick supervisory access. Customization options are available along with ADA compliant models.
