- Steel lockout hasp
-
-
- Control cannot be turned on until last worker's safety padlock is removed from hasp
- Heavy-gauge steel jaw with red vinyl-coated handle
- Dimensions are 1-3/4in x 4-1/2in (44mm x 114mm) with 1in (25mm) inside jaw diameter, holds up to 6 safety padlocks
-

The Master Lock No. 420D Steel Safety Lockout Hasp - packed in carded packaging for showroom display - features a 1in (25mm) inside jaw diameter and can hold up to six padlocks. Ideal for lockout by multiple workers at each lockout point, the hasp keeps equipment inoperative while repairs or adjustments are made. Control cannot be turned on until the last worker's padlock is removed from hasp. This carded product is suitable for display in commercial showrooms.
