Nylon Non-Conductive Lockout Hasp, 1in x 2-1/2in (25mm x 64mm) Jaw Clearance

-
-
-
-

- Dimensions are 1-5/8in x 6-7/8in (41mm x 174mm) with 1in x 2-1/2in (25mm x 64mm) inside jaw diameter, holds up to 6 safety padlocks

- The Master Lock No. 428 Plastic Lockout Safety Hasp features spark proof, nylon material with a 2-1/2in (64mm) inside jaw diameter and can accommodate up to six padlocks. Ideal for lockout by multiple workers at each lockout point, the hasp keeps equipment inoperative while repairs or adjustments are made. Control cannot be turned on until last worker's padlock is removed from hasp.
