- High security 7.6cm cuffs allow locking to a parking meter, fence posts or another bike
-
- Hardened steel construction with hardened pivot link is virtually impossible to cut
- 55cm
-
-
- Bronze Sold Secure

The Master Lock No. 8290EURDPRO Street Cuff®; Locks feature a 7.6cm diameter hardened steel construction, virtually impossible to cut. These anti-theft locks are perfectly adapted to secure e-scooters, bikes or pushchairs. The cuffs measure 55m long for convenient locking to a parking meter, fence posts or another bike. The two clips provide a lot of flexibility and can be fixed on many type of supports : wheels, bike handle bards, scooter electronic or scooter basement. The 9 pivoting links provide flexibility in use and prevents a fixed anchor point, taking away the use of leverage to defeat. The Limited Lifetime Warranty provides peace of mind from a brand you can trust : in case of product default, Master Lock will replace or repair the product or part of it at its own discretion.
