The Master Lock No. S1850E410 Lockout Station is a large capacity station focused on electrical lockout. It is equipped with 410RED Zenex™ Thermoplastic Padlocks, hasps, safety tags and high-use electrical lockout devices. The station comes marked 'Lockout Station' in English, with Spanish and French labels included for optional application. Designed for departmental lockout needs, the station includes 8 hanger clips that each hold 2 lockout padlocks or hasps, and holes at the bottom offer a place for pegs or hooks to hang bulky devices. Durable construction helps ensure long life in manufacturing facilities. The covered station keeps out dust and grime and can be locked with a combination padlock to limit access if needed. The station measures 23.5 in wide x 15.5 in tall x 4.5 in deep (596mm x 393mm x 114mm).
