The Master Lock No. S1900VE410 Deluxe Lockout Station is a deluxe station focused on valve and electrical lockout. It is equipped with 410RED Zenex™ Thermoplastic Padlocks, hasps, safety tags and high-use valve and electrical devices. The unit comes marked 'Lockout Station' in English, with Spanish and French labels included for optional application. The station accommodates departmental lockout needs with 16 hanger clips that each hold 2 lockout padlocks or hasps. Holes at the bottom offer a place for pegs or hooks to hang bulky devices. Durable construction helps ensure long life in manufacturing facilities. The covered station keeps out dust and can be locked with a combination padlock to limit access if needed. Moveable dividers in top and bottom trays help organize devices. The lower section can hold a total of 150 lockout tags, with each compartment holding up to 25 tags. The unit measures 23.5in wide x 27in tall x 4.5in deep (596mm x 685 mm x 114mm).
