

## S3570

### Compact Group Lock Box

- Top-hinged transparent polycarbonate window for easy key viewing
- 6 hooks inside the box for hanging keys to keep them visible
- Sliding lock rail can be locked out with up to 8 padlocks or hasps
- 2 outside hooks to hold folded permit paperwork, hang tags or extra items
- Lightweight, compact red plastic portable lock box for smaller teams
- Optimal operating temperatures -40°C to 65°C
- Stores up to 6 safety padlocks inside

This lightweight group lock box is an efficient and multi-purpose solution for smaller teams. The S3570 can be wall mounted and is also highly portable. Its compact design holds up to 6 padlocks internally for protected storage, and can be locked out with up to 8 padlocks or hasps externally.
