Safety Lockout/Tagout

OVERVIEW & FEATURES

Product Features

Product Details

The Master Lock No. 1336ELECT Electrical Lockout Planogram features top-selling safety padlocks, devices and tags, and is organized to focus on electrical lockout. Planogram includes the product assortment, a Master Lock display header, a set of reorder cards with product information, schematic for recommended setup and hooks. Each planogram includes two of each product for a "one to show, one to sell" approach. This showroom display is designed to generate customer interaction and impulse sales.
