BEST USED FOR

Cabinets

Office Environments & Equipment

School, Employee & Athletic Lockers

Storage Lockers

OVERVIEW & FEATURES

Product Features

- Shackle shroud helps prevent shackle cutting and shimming
- Fits most standard combination padlocks
- Use to increase the security of your current combination padlock system
- Easily retrofits to 1502, 1525, 1572 and 1585 combination padlock models
- Order assembled as models 1591, 1592, 1593, 1594

Product Details

The Master Lock No. 1596 shackle shroud is a simple and cost-effective way to gain higher security compared to using standard combination padlocks alone. The shroud surrounds the shackle of the combination padlock, limiting opportunities for shackle cutting or shimming. It fits standard 3/4in tall shackles and is held in place with a back plate that's secured using a tamper-resistant screw. Retrofit the 1596 shackle shroud to your existing 1502, 1525, 1572 and 1585 combination padlocks.
