Product Details

The Master Lock No. 2305 (5.25oz) Lock Lubricant with PTFE is the ideal lubricant for multiple lock applications including padlocks, door locks, automotive, marine and multipurpose applications. The PTFE formulation cleans the lock components while lubricating and leaves behind a protective shield against dust, dirt, salt, moisture and other corrosive materials. This unique formulation is excellent for locks used within a wide temperature range & will help de-ice pre-lubricated locks.
