Safety Lockout/Tagout

## OVERVIEW & FEATURES

### Product Features

- Includes permit display case and wall mount group lock box
- 430-Grade stainless steel with heavy-duty powder coating withstands outdoor elements and provides corrosion resistance
- Wall mounted for accessibility
- Clear, impact-resistant windows for viewing permit and key(s) during lockout
- Rubber seal on permit display case protects documents from water damage in outdoor applications or during cleaning
- Rewritable tag provides area to communicate station-specific information
- Group lock box has 12 numbered lock holes for personal safety locks, plus a latch hole designated for the control lock
- Includes removable lock caddy for easy transportation of equipment locks to isolation points during lockout
- Removable key cup in lock box to collect and maintain visibility of secured key(s) during lockout, and easy retrieval of key(s) after release of lockout
- Replacement lock caddy (S3503), rewritable tags (PKGP44055) and key cup (PKGP50837) available separately

### Product Details

The Master Lock S3500 Permit Control Station includes the S3501 Permit Display Case and the S3502 Wall Mount Group Lock Box. Permit display case holds letter-size documents and other paperwork up to 11-3/4in x 16-1/2in (297 x 420mm). A clear, impact-resistant window allows users to view and protect permit documents. Case is sealed to help prevent water damage in outdoor applications or during cleaning, and includes a carrying handle. Group lock box contains a 12-lock hand caddy and removable key cup. Includes 12 exterior lock holes for personal safety locks, plus a hole in the latch for the control lock. A clear, impact-resistant window allows users to view locks and secured key(s) inside the box.
