Safety Lockout/Tagout

OVERVIEW & FEATURES

Product Features

- 430-Grade stainless steel with heavy-duty powder coating withstands outdoor elements and provides corrosion resistance
- Clear, impact-resistant window for viewing secured key(s) during lockout
- Latch features lock hole designated for the control lock
- 12 numbered lock holes for personal safety locks
- Wall mounted for easy accessibility
- Includes removable lock caddy for easy transportation of equipment locks to isolation points during lockout
- Removable key cup to collect and maintain visibility of secured key(s) during lockout, and easy retrieval of key(s) after release of lockout
- Pre-punched rivet holes offer option to attach a brass or aluminum laser-engraved tag
- Replacement lock caddy (S3503) and key cup (PKGP50837) available separately

Product Details

The Master Lock S3502 Wall Mount Group Lock Box contains a 12-lock hand caddy and removable key cup. Includes 12 exterior lock holes for personal safety locks, plus a hole in the latch for the control lock. A clear, impact-resistant window allows users to view locks and key(s) secured inside the box.
