Product Details

Designed for fast, easy lock setup and programming, the Master Lock 1566 Administration Key works with the Master Lock 3685 Electronic Built-In Locker Lock and Master Lock 3681 Electronic Built-In Locker Lock with Bluetooth-Enabled Fob for ADA Applications. The key's micro USB connection is inserted into the bottom of the lock and puts it into settings mode, allowing staff to quickly open locks, clear/reset lock codes, and modify lock settings. The 1566 Administration Key for Electronic Built-In Locker Locks can be programmed with thousands of codes and used with new or existing 3685 and 3681 locks.
