- Secure, easy to use resettable combination lock offers up to 1,000 different combinations
- Control key for supervisory access; specify key to match existing system or factory assigned
- Extension kit available for use on wooden doors with a thickness of 17mm to 19mm

Product Details

The Multi-User Built-In Combination lock 3630 adds convenience to your facility by giving visitors the ability to choose their own locker and set their own 3-digit combination – the locks retain the combination until re-set. A sleek design with satin finish these locks will look great in your facility while eliminating distribution, tracking/management of keys, combinations or locks. The three models are designed to fit on the majority of lockers.
