Valve Lockout

Overview & Features

Product Features

- Cable lockout with adjustable Nylon Core Cable
- Patented 1/8in (3.3mm) diameter x 9ft (2.74m) cable features a yellow plastic coating for added durability and visibility
- Cable reel acts as Cable Management System to allow for easier application and protected storage of the cable
- Tough, lightweight thermoplastic body withstands chemicals
- Ergonomic design eases operation when wearing gloves
- Contoured design provides ability to stack, transport, and store multiple devices
- Suitable for lockout in electrical environments
- Includes high-visibility, write-on safety labels in English, Spanish and French
- Additional language labels available separately
- Replacement cables PKGP52709 (steel cable) and PKGP52711 (nylon cable) available separately; can use either cable type in same device

Product Details

The Master Lock No. S866 Retractable Cable Lockout Device, ideal for electrical lockouts, features a tough, flexible nylon core cable with a yellow plastic coating. Designed with a built-in Cable Management System, the take-up reel and internal ratcheting mechanism only allow for tension to be increased on the cable - even after safety padlocks are applied. The contoured thermoplastic cable housing withstands harsh environments and allows for the stacking and transportation of multiple devices. Includes high-visibility, write-on safety labels in English, Spanish and French.
