Product Details

The Master Lock No. 1145PEURD Weather Resistant Padlock features a 40mm wide nickel plated solid brass body for maximum strength, reliability and corrosion resistance. The 7,5mm diameter hexagonal shackle is 23mm long and made of nickel-plated hardened steel, offering maximum resistance to cutting and sawing. The 6-pin cylinder offers maximum resistance against picking and the dual locking ball bearings provide maximum resistance against prying and hammering. The padlock comes with 4 dimple keys for added security and convenience. The Limited Lifetime Warranty provides peace of mind from a brand you can trust.
